

Swedish Massage

3300

Well-known for its ability to reduce stress and promote relaxation. The gentle kneading and stroking techniques used during the massage can help calm the mind and ease tension in the body.

Deep Tissue Massage

4000

helps to release tension and knots in muscles, which can help alleviate pain and improve flexibility. The kneading and manipulation of muscles during massage increases blood flow to the area, bringing oxygen and nutrients to the muscles.

Aroma Therapy Massage

3000

Experience the healing power of essential oils combined with expert massage techniques that melt away tension, boost your mood, and leave you feeling refreshed. Say goodbye to stress and hello to tranquility.

Cream Massage

4000

Designed to nourish your skin while the massage works to relax your muscles and improve circulation. Unlike traditional oil massages, cream massages offer the added benefit of deep hydration, leaving your skin feeling soft and rejuvenated.

Couple Massage

6500

Whether you're looking to celebrate a special occasion or simply want to unwind together, a couple massage can be a transformative experience. Sharing a relaxing experience can help both partners reduce stress and anxiety.
