Independent Auditor's Report on the Financial Statements

**To the Members of
PRIDE BEACH RESORTS PRIVATE LIMITED
Opinion**

We have audited the accompanying financial statements **PRIDE BEACH RESORTS PRIVATE LIMITED ("the Company")** which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss(Including other comprehensive income), Statement of changes in equity and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies(Indian Accounting Standards) Rules, 2015(" Ind AS") as amended and accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its Profit /loss and the total comprehensive income , changes in equity and Cash Flow for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Email.Id:pankajmpanday@hotmail.com

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Financial Statements

The Company's Management and Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards prescribed under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Director are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain

Email.Id:pankajmpanday@hotmail.com

audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the

premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our attention that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

- v. The company has not paid any dividend during the year.
- vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Additionally, the audit trail of previous year has been preserved by the company as per the statutory requirements for record retention.

- (xii) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 3 (xii) of the Order are not applicable to the Company.
- (xiii) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- (xiv) (A) According to the information and explanation given to us, the provision of section 138 towards Internal Audit System is not applicable to the company.
- (B) This Clause is not applicable to the Company.
- (xv) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company.
- (xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, Paragraph 3(xvi) of the Order is not applicable.
- (xvii) The company has not incurred cash losses during the financial year and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the Audit Report and we neither give any guarantee nor an assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the company as and when they fall due.
- (xx) The provisions of Section 135 towards corporate social responsibility are not applicable on the company. Accordingly, the provisions of clause 3(xx) of the Order is not applicable.

"Annexure B" to the Independent Auditor's Report of even date on the Financial Statements PRIDE BEACH RESORTS PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting **PRIDE BEACH RESORTS PRIVATE LIMITED** ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if

such controls operated effectively in all material respects.

P M Pande And Co

Pankaaj Pande

B.Com.F.C.A.

Chartered Accountants

Bldg.No.3, 4th Floor, Office No 4R, Navjivan Society,
Lamington Road, Mumbai - 400008. Mob: 9820290131
Email.Id:pankajmpanday@hotmail.com

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate or for other reasons.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

PRIDE BEACH RESORTS PRIVATE LIMITED

18 Commitments (to the extent not provided for)

Estimated amount of contracts remaining to be executed on Capital accounts and not provided for amounting ` Nil (Previous year ` Nil) .

19 As required by the Ind AS 24 on the "Related Party Disclosures", the list of related parties and their transactions is attached.

20 The Company was set up with the objective of manufacturing Non electric water purifiers. This is the only activity performed and is thus also the main source of risks and returns. Accordingly, the Company has a single reportable segment. Further, as the Company does not operate in more than one geographical segment hence the relevant disclosures as per Ind AS 108 are not applicable to the company.

21 In accordance with Ind AS 116 disclosures in respect of Leases are made below :

Operating Leases

Leases as Lessee

a. The Company has taken certain premises on cancellable and Non - cancellable operating lease basis. In the agreements there are no terms for purchase option or any restriction such as those concerning dividend and additional debts. Lease agreement of the Company do not contain any variable lease payment or any residual value guarantee. The Company has not entered into any sub-lease agreement.

b. Information in respect of leases for which right- of use of assets and corresponding lease liabilities have been recognised are as follows:

Particulars	As at 31.03.2025 (Rs.In lakhs)	As at 31.03.2024 (Rs.In lakhs)
Additions to Rights-of-use of assets during the year (Commercial premises)	-	-
Deletion to Rights-of-use of assets during the year (Commercial premises)	-	-
Amortisation of right-of-use of assets during the year	-	-
Interest Expenses (unwinding of discount) on lease liabilities	0.01	0.01
Lease rental expenses relating to short term leases/ low value assets	-	-
Total Cash outflows in respect of leases (including short term leases)	-	-
Carrying amount right-of-use of assets at year end (commercial premises)	-	-

22 The company does not have any transactions with struck off companies.

23 Ratios:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024	Variance	Reason for variance more than 25%
Current Ratio	143.81	55.47	159%	Working capital improved on account of reduction in lease liability and vendor payments.
Debt-Equity Ratio	Not Applicable	Not Applicable	Not Applicable	Not Applicable
Debt Service Coverage Ratio	Not Applicable	Not Applicable	Not Applicable	Not Applicable
Return on Equity Ratio (%)	2.63%	0.15%	1697%	Refer note (a) below.
Inventory turnover ratio	Not Applicable	Not Applicable	Not Applicable	Increase in Finished product sales
Trade Receivables turnover ratio	Not Applicable	Not Applicable	Not Applicable	Better Realisation
Trade payables turnover ratio	Not Applicable	Not Applicable	Not Applicable	Refer note (a) below.
Net capital turnover ratio	-	-		Not Applicable
Net profit ratio				Refer note (a) below.
Return on Capital employed (%)	3.45%	0.22%	1495%	
Return on investment (%)	3.46%	0.19%	1722%	

Note (a): In the preceding financial year, the Company made strategic investments in job work expansion. While this venture did not yield the anticipated results, the Company promptly took corrective action. During the last quarter of FY23, the Company ceased this expansion and responsibly surrendered additional leased premises.

The above ratios are calculated based on below formulae.

Ratio	Formula
Current ratio (times)	Current assets divided by current liabilities.
Debt-equity ratio (times)	Total debt divided by equity.
Debt service coverage ratio (times)	Earnings available for debt service divided by debt service. Earning for debt service = Net profit after taxes + Non-cash operating expenses like depreciation and other amortisations + Interest + other adjustments like loss on sale of PP&E etc. Debt service = Interest and principal repayments including lease payments.
Return on equity (%)	Net profit after tax reduced by preference dividend (if any) divided by average shareholders equity.
Inventory turnover ratio (times)	COGS divided by average inventory.
Trade receivables turnover ratio (times)	Credit sales divided by average trade receivable.
Trade payable turnover ratio (times)	Credit purchases divided by average trade payable.
Net capital turnover ratio (times)	Sales divided by working capital. working capital = current assets minus current liabilities.
Net profit ratio (%)	Net profit after tax divided by sales.
Return on capital employed (%)	Earnings before interest and tax divided by capital employed. capital employed = tangible net worth + total debt + deferred tax liability.
Return on investment (%)*	Based on time weighted rate of return (TWRR) method as follows:

PRIDE BEACH RESORTS PRIVATE LIMITED

Notes to the financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, unless otherwise stated)

B. Measurement of fair values

Valuation techniques and significant unobservable inputs

Financial instruments measured at fair value

The company does not have any Investment.

C. Financial risk management

The Company has exposure to the following risks arising from financial instruments :

- Credit risk
- Liquidity risk
- Market risk
- Interest risk

Risk management framework

The Company's management has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company conduct yearly risk assessment activities to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company has a system in place to ensure risk identification and ongoing periodic risk assessment is carried out. The Board of directors periodically monitors the risk assessment.

i) Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in financial loss.

The carrying amounts of financial assets represent the maximum credit risk exposure. The maximum exposure to credit risk at the reporting date was:

Particulars	Rs. In lakhs		
	As at 31 March 2025	As at 31 March 2024	As at 1st April 2023
Trade receivables	-	-	-
Cash and cash equivalents	0.75	0.29	0.41
Loans	60.42	7.94	49.80
Other financial assets	-	-	-

The maximum exposure to credit risk for trade receivables at the reporting date by geographic region of the Company was:

Particulars	As at 31 March 2025	As at 31 March 2024
Within India	-	-

The maximum exposure to credit risk for trade receivables, cash and cash equivalents and other bank balances at the reporting date by type of counterparty was:

Particulars	As at 31 March 2025	As at 31 March 2024	As at 1st April 2023
Loans	60.42	7.94	49.80
Bank balances and deposits with banks	0.75	0.29	0.41

Trade receivables

Customer credit risk is managed as per Company's established policy, procedures and control relating to customer credit risk management. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account historical experience with customers.

Trade receivables are typically unsecured as the Company does not hold collateral as security. Since the Company derives it significant revenue from a related party, the Company is not exposed to significant credit risk.

The age of trade and other receivables at the reporting date was:

Particulars	As at 31 March 2025	As at 31 March 2024	As at 1st April 2023
Not due	-	-	-
0-30 days	-	-	-
31-90 days	-	-	-
more than 90 days	-	-	-

Bank balances and deposits with banks

Credit risk from balances with banks is managed by the company's finance department as per Company's policy. Investment of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's Board of directors. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

PRIDE BEACH RESORTS PRIVATE LIMITED

Notes to the financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, unless otherwise stated)

ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

As at 31 March 2025

	Contractual cash flows						Rs.In lakhs

PRIDE BEACH RESORTS PRIVATE LIMITED

Notes to the financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees in lakhs, unless otherwise stated)

iii) Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates and interest rates - will affect the Company's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Market risk is attributable to all market risk sensitive financial instruments including foreign currency payables, deposits with banks loans given and borrowings. The Company is exposed to market risk primarily related to foreign exchange rate risk and interest rate risk.

iv) Currency risk

The Company is not exposed to currency risk.

PRIDE BEACH RESORTS PRIVATE LIMITED
Notes to the financial statements for the year ended 31 March 2025

25 Material period period restatements:

During the current year, the Company identified certain material prior period errors in the audited standalone financial statements for the year ended March 31, 2024, which were the first financial statements prepared in compliance with Ind AS. The Company has corrected these errors retrospectively in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors. Accordingly, the comparative amounts have been restated and an opening balance sheet as at the beginning of the earliest comparative period presented has been provided. As a result, the amounts presented for the comparative periods differ from those previously reported in the audited financial statements for those periods, to the extent of the corrections. The details of certain material corrections / regrouping of comparative balances are as follows:

(a) Changes relating to Statement of profit and loss for the year ended March 31, 2024

Rs.In lakhs

Particulars	Rs. Lakhs	Remarks
(i) Impact on profit		
Reported profit	0.06	As reported in audited financial statements for the year ended March 31, 2024
Restated profit	0.06	Restated comparative amounts in financial statements for the year March 31, 2025
(ii) Impact on earning per share	0.35	
Restated basic and diluted earnings per share	0.35	Restated comparative amounts in financial statements for the year March 31, 2025
(ii) Impact on other comprehensive income		
Reported other comprehensive income	-	As reported in audited financial statements for the year ended March 31, 2024

PRIDE BEACH RESORTS PRIVATE LIMITED

Notes to the financial statements for the year ended 31 March 2025

1 Corporate information

Corporate Information **Pride Beach Resorts Private Limited** (the Company) is a private Company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The registered office of the Company is located at 908, Dalmal Tower, 211, Nariman Point, Mumbai 21., Mumbai, Maharashtra, India, 400021. The principal activities of the Company are to carry out business of hotels. The financial statements are approved for issue by the Board of directors on 04th September 2024.

2 Basis of preparation of financial statements and Significant accounting policies

2.1 Basis of preparation and Compliance with Ind AS

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), and the provisions of the Companies Act, 2013 ('the Act') (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

The financial statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and liabilities which are measured at fair value/ amortised cost (refer note 25)

Accounting policies have been consistently applied.

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest Lakhs, except where otherwise indicated.

2.2 Significant accounting policies

(a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

–

Expected to be realised or intended to be sold or consumed in normal operating cycle

Held primarily for the purpose of trading

Expected to be realised within twelve months after the reporting period, or

Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

It is expected to be settled in normal operating cycle. It is held primarily for the purpose of trading. It is due to be settled within twelve months after the reporting period, or There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. The Company classifies all other liabilities as non-current

Deferred tax assets and liabilities are classified as non-current assets and liabilities

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

(b) Foreign currencies

Functional and presentation currency

The Company's financial statements are presented in INR, which is also the Company's functional currency. Presentation currency is the currency in which the Company's financial statements are presented. Functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash. All the financial information presented in Indian Rupees (INR) has been rounded to the nearest of Lakhs rupees, except where otherwise stated.

Interest income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or liability. Interest income is included in finance income in the income statement.

Dividends

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

(c) Taxes

Tax expense represents Current tax and Deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

– When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

– In respect of taxable temporary differences associated with investments in subsidiaries, and associates, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits (including MAT credit) and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

– When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

– In respect of deductible temporary differences associated with investments in subsidiaries and associates, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets (including MAT credit available) is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(d) Property Plant & Equipment

Properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Property Plant & Equipment are measured initially at cost, including transaction costs. Subsequent to initial recognition, Property Plant & Equipment are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The Company depreciates building component of investment property over the remaining estimated useful life on the date of purchase after considering total economic useful life of 60 years.

(f) Borrowing costs

Borrowing cost includes interest expense as per Effective Interest Rate (EIR).

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the asset until such time that the assets are substantially ready for their intended use. Where funds are borrowed specifically to finance a project, the amount capitalised represents the actual borrowing costs incurred. Where surplus funds are available out of money borrowed specifically to finance a project, the income generated from such current investments is deducted from the total capitalised borrowing cost. Where the funds used to finance a project form part of general borrowings, the amount capitalised is calculated using a weighted average of rates applicable to relevant general borrowings of the Company during the year. Capitalisation of borrowing costs is suspended and charged to profit and loss during the extended periods when the active development on the qualifying assets is interrupted.

EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial liability or a shorter period, where appropriate, to the amortised cost of a financial liability after considering all the contractual terms of the financial instrument.

(g) Company as a lessor

Leases where the Company does not transfer substantially all the risks and rewards incidental to ownership of the asset are classified as operating leases. Lease rentals under operating leases are recognised as income on a straight-line basis over the lease term.

(h) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair valueless costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company's of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered multiples, quoted share prices for publicly traded companies or other available fair value indicators. Impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country in which the entity operates, or for the market in which the asset is used.

Impairment losses are recognised in the statement of profit and loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

(i) Provisions

General

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

(j) Contingent Assets/ Liabilities

Contingent assets are not recognised. However, when realisation of income is virtually certain, then the related asset is no longer a contingent asset, and is recognised as an asset. Contingent liabilities are disclosed in notes to accounts when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

(k) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- Debt instruments at amortised cost
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)
- Equity instruments in subsidiaries/associates carried at cost

Debt instruments at amortised cost

A debt instrument is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. The difference between the transaction amount and amortised cost in case of interest free loan to subsidiaries based on the expected repayment period is considered as 'deemed investment on account of interest free loan to subsidiaries' (Refer Note 8(i)). After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. If there is any change in estimate for payment of loan (provided that there was no error in original estimate), difference in carrying amount and repayment has been adjusted as return on capital by the parent, based on condition/ situation prevailing on that date. The losses arising from impairment are recognised in the profit or loss.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments.

The Company has designated compulsory redeemable preference shares investments in its subsidiaries at FVTPL. The difference between the transaction amount and amortised cost is considered as 'deemed investment in compulsory redeemable preference shares' (Refer Note)).

Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the P&L.

Equity instruments

All equity investments (other than equity investments in subsidiaries) in scope of Ind AS 109 are measured at fair value. Equity instruments in subsidiaries are carried at cost in financial statements less impairments if any. Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- b) Trade receivables or any contractual right to receive cash or another financial asset.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

– Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

– Debt instruments measured at FVTOCI: There are no instruments measured at FVTOCI

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis. The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and financial guarantee contracts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss. Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognised in the profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognised in OCI. These gains/ losses are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Financial liabilities at amortised cost

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings. For more information refer Note.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(l) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(m) Cash Flow Statement

Cash flows are reported using the indirect method, where by profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(n) Indirect taxes

Goods & Service Tax paid on acquisition of assets or on incurring expenses.

(o) Earnings Per Share (EPS)

Basic EPS is calculated by dividing the profit for the year attributable to ordinary equity shareholders of the Company by the weighted average number of Equity shares outstanding during the year. Diluted EPS is calculated by dividing the profit attributable to ordinary equity shareholders of the Company by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.
